Subject: Statement from Management Team

Hello FGI Staff,

The last few months have been challenging in numerous ways. We know many of you have experienced disruption to your routines, unexpected setbacks, and increased anxiety about the things happening in our world related to the pandemic. And then, events in Minneapolis and across the country caused all of us to take notice and realize there is currently much more beyond COVID-19 that requires our attention and action. We recognize that we have a responsibility to all of you, and the people we serve, to push forward and improve our practices.

Foothills Gateway, as an organization, has a stated vision of believing in a life of opportunity, of choice, and of dignity for every individual. Supporting people with disabilities and their families is our priority, but we also want to ensure that everything we do has an underlying current of respect for others, no matter their race, beliefs, or any other defining attributes. Moreover, it is essential that our employees feel supported and accepted at work. The culture and environment at Foothills Gateway should always be person-centered, encouraging us to express our needs and support each other. As your Management Team, we wanted to reach out today to let you know what steps we are taking and how you can help.

Improving What Exists

Currently, our Human Resources (HR) staff are reviewing and updating all policies that address inclusion and diversity in the workplace. We must have this solid foundation to guide our actions as employees and supervisors. HR staff are also working to find updated cultural awareness trainings for employees. Additionally, our affiliation with CARF and their accreditation process for the past 30 years has given us guidance to establish policies and practices that acknowledge and promote cultural diversity.

Opportunity for Involvement

In 2014, Foothills Gateway created a Cultural Competency and Diversity Plan (can be found on the FGI Portal under Policies & Procedures/Administration) that has continued to evolve since that time. The purpose of this Plan is to enhance the organization's cultural awareness and sensitivity in order to provide better services and a stronger work environment for our staff. *This is where you can help.* Although this document was recently reviewed and updated in February, we feel it should be reviewed again with fresh eyes and by a larger group. If you are interested in supporting this effort, we invite you to serve on the committee that will review and update our Cultural Competency and Diversity Plan.
